PROFESSIONAL SUMMARY

Software Engineer with nearly 3 years of hands-on experience in Web Development (JavaScript ecosystem). Possess a solid foundation in building scalable applications with React, Next.js, Vue, Nuxt and Node.js. Passionate about clean code, performance optimization, and currently seeking a dynamic and challenging environment to contribute to product growth.

WORK HISTORY

Frontend Developer
Mar 2026 – Present

FPT Software

- **Shinsegae - DutyFree:** A retail e-commerce platform for duty-free shopping in South Korea. Migrating and modernizing legacy systems, developing the winning bid order workflow, and handling authentication/authorization.
- **YARAKY - TRUE SAFE Fleet:** Developed master data management screens and built reusable shared components. Fixed issues and refactored existing modules.

Tech stack:
Frontend: **React.js, TypeScript, React Hook Form, Zod**

Frontend Developer
Oct 2024 – Aug 2025

Freelance • Japan

- Developed frontend features for a job recruitment platform serving the Japanese market.
- Improved page structure and rendering strategy to enhance loading performance and search engine indexing.
- Refactored job search and candidate management flows to simplify logic and reduce frontend issues.
- Reorganized state management to make the codebase easier to maintain and extend.

Tech stack:
Frontend: **Nuxt 3, TypeScript**

Full-stack Developer
Sep 2024 – Feb 2025

Napa Global

- Developed core modules of an internal ERP system (HR, booking, internal operations).
- Optimized database queries and added caching for frequently used APIs.
- Improved and adjusted UI flows to better match internal business processes.
- Implemented both frontend and backend features within a single codebase.

Tech stack:
Frontend: **React, TypeScript**
Backend: **Next.js, TypeORM, PostgreSQL**

TECHNICAL STACK

FRONTEND

React.js | Next.js | Vue 3 | Nuxt 3 | Tailwind | TypeScript

BACKEND

Node.js | NestJS | PostgreSQL | MongoDB | AWS (Basic)

TOOLS

Git/GitHub | Docker | Postman | Figma (Basic) | Jira

EDUCATION

Software Engineering
Vietnam - Korea University
2020 - 2025

Frontend Cert
IViettech
2022

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Adaptability
- Self-learning

LANGUAGES
